College Beautification and Green Practices Policy

Dr. S. Radhakrishnan College of Education, Chiksia, Chas, Bokaro take the responsibility of maintaining a green & clean campus, undertaking environmental friendly initiatives and increasing environmental awareness.

Objectives

- Minimize the consumption for non-renewable electricity by installing high-tech measures such as solar panel installation.
- To sensitize the students and the staff to minimize the use of polluting products and use environment friendly products and services.
- To create awareness about environmental issues by organizing various activities.
- To ensure development of the college campus without compromising environmental issues.
- To maintain the green landscape in the college
- To plant a sufficient number of trees, potted plants every year and keep the campus green.
- Encouraging use of bicycles and e-vehicles for daily commute.
- To develop specific policy to promote, improve and monitor environmental practices and work towards reducing the carbon in the campus.

Action plan

- To plant medicinal and rare plant.
- Gardeners are employed to maintain green cover.
- Students and staff are motivated to give suggestions for improving green cover.
- Maintaining green campus through plantation.
- There is an herbal garden with many medicinal plant and herbs useful in daily life.
- The college promotes the use of bicycles and e-vehicles for daily commuting by students.

Dedicated environmental awareness programs are organized from time to time.
